Attached are the economics that you needed. Unfortunately most of these are marginal. Let me know if you have any questions.

Russell, I have started to clean up the ESP spreadsheet. Maybe let's sit down for a bit on Tuesday to continue cleaning it up. We have a lot of extra wells on this tab that we don't need I think.

Have a great weekend everyone! I get to go to 3 soccer games this weekend, lucky me.

Thanks,
Christa R Hynes
